2. Maintain client records securely, inform all employees of the requirements of confidentiality and provide for the destruction of records which are no longer useful in a manner that ensures client confidentiality;
3. Disclose or release records to others only with client's expressed written consent or that of his legally authorized representative in accordance with §32.1-127.1:03 of the Code of Virginia;
4. Maintain client records for a minimum of five years or as otherwise required by law from the date of termination of the substance abuse treatment relationship with the following exceptions:

a. At minimum, records of a minor child shall be maintained for five years after attaining the age of majority (18 years) or ten years following termination, which ever comes later;

b. Records that are required by contractual obligation or federal law to be maintained for a longer period of time;

or

c. Records that have been transferred to another mental health service provider or given to the client; and

5. Ensure confidentiality in the usage of client records and clinical materials by obtaining informed consent from clients or their legally authorized representative before (a) videotaping, (b) audio recording, (c) permitting third party observation, or (d) using identifiable client records and clinical materials in teaching, writing or public presentations.

D. In regard to dual relationships, persons licensed by the board shall:

1. Avoid dual relationships with clients that could impair professional judgment or increase the risk of harm to clients. (Examples of such relationships include, but are not limited to, familial, social, financial, business, bartering, or close personal relationships with clients.) Counselors shall take appropriate professional precautions when a dual relationship cannot be avoided, such as informed consent, consultation, supervision, and documentation to ensure that judgment is not impaired and no exploitation occurs;

2. Not engage in any type of romantic relationships or sexual intimacies with clients or those included in a collateral relationship with the client and not counsel persons with whom they have had a romantic relationship or sexual intimacy. Licensed substance abuse treatment practitioners shall not engage in romantic relationships or sexual intimacies with former clients within a minimum of five years after terminating the counseling relationship. Licensed substance abuse treatment practitioners who engage in such relationship or intimacy after five years following termination shall have the responsibility to examine and document thoroughly that such relations do not have an exploitive nature, based on factors such as duration of counseling, amount of time since counseling, termination circumstances, client's personal history and mental status, or adverse impact on the client. A client's consent to, initiation of or participation in sexual behavior or involvement with a licensed substance abuse treatment practitioner does not change the nature of the conduct nor lift the regulatory prohibition;

3. Not engage in any sexual intimacy or romantic relationship or establish a counseling or psychotherapeutic relationship with a supervisee or student. Licensed substance abuse treatment practitioners shall avoid any nonsexual dual relationship with a supervisee or student in which there is a risk of exploitation or potential harm to the supervisee or the potential for interference with the supervisor's professional judgment; and

4. Recognize conflicts of interest and inform all parties of the nature and directions of loyalties and responsibilities involved.

E. Persons licensed by this board shall report to the board known or suspected violations of the laws and regulations governing the practice of substance abuse treatment.

F. Persons licensed by the board shall advise their clients of their right to report to the Department of Health Professions any information of which the licensee may become aware in his professional capacity indicating that there is a reasonable probability that a person licensed or certified as a mental health service provider, as defined in § 54.1-2400.1 of the Code of Virginia, may have engaged in unethical, fraudulent or unprofessional conduct as defined by the pertinent licensing statutes and regulations.
