RE: Case No. 105090

Dear Dr. Polk:

Please be advised that the Virginia Board of Psychology has received notice from the Compliance Unit of the Department of Health Professions stating that you have met all of the requirements of the Order entered July 19, 2006, which placed your license on indefinite probation, subject to certain terms and conditions. Therefore, you are released from probation, and your license to practice clinical psychology in the Commonwealth of Virginia is restored to the status of a current and unrestricted license.

Should you have any questions, please do not hesitate to contact me at (804) 662-9575.

Sincerely,

A handwritten signature in cursive script that reads "Patricia L. Larimer".

Patricia L. Larimer

Deputy Executive Director

Virginia Board of Psychology
