

How do I register with the Board of Pharmacy to issue a written certification for a patient to possess CBD or THC-A oil?

To register with the Board of Pharmacy you will need to apply as a "Registered Practitioner for CBD/THC-A Oil" using the online application system.

1. Go to <https://www.license.dhp.virginia.gov/apply/> and login. You may use the same credentials you use to maintain your MD, DO, PA, or LNP license. You may need to register as a new person if you have never created an account with the Board of Medicine or Nursing. Note: Only Practitioners that have a current active medical, physician assistant, or nurse practitioner license from the Virginia Boards of Medicine or Nursing, may apply for registration with the Board of Pharmacy.
2. Once you have logged in you should see the Welcome screen. Select *Initial Application* from the left menu.
3. On the Application for Licensure screen:
 - Select *Pharmacy* from the *Profession* dropdown.
 - Select *Registered Practitioner For CBD/THC-A Oil* from the *License Type* dropdown
 - Select *Initial Application* from the *Obtained By* dropdown

Click the Start Application button.
