Guidance for
Continuing Education (CE) Audits and Sanctioning for Failure to Complete CE

Applicable Regulation

18VAC30-21-100. Continuing education requirements for renewal of an active license.

A. In order to renew an active license, a licensee shall complete at least 10 contact hours of continuing education prior to the renewal date each year. Up to 10 contact hours of continuing education in excess of the number required for renewal may be transferred or credited to the next renewal year. One hour of the 10 hours required for annual renewal may be satisfied through delivery of professional services, without compensation, to low-income individuals receiving health services through a local health department or a free clinic organized in whole or primarily for the delivery of those services. One hour of continuing education may be credited for three hours of providing such volunteer services, as documented by the health department or free clinic.

B. Continuing education shall be activities, programs, or courses related to audiology or speech-language pathology, depending on the license held, and offered or approved by one of the following accredited sponsors or organizations sanctioned by the profession:

1. The Speech-Language-Hearing Association of Virginia or a similar state speech-language-hearing association of another state;

2. The American Academy of Audiology;

3. The American Speech-Language-Hearing Association;

4. The Accreditation Council on Continuing Medical Education of the American Medical Association offering Category I continuing medical education;

5. Local, state, or federal government agencies;

6. Colleges and universities;

7. International Association of Continuing Education and Training; or
8. Health care organizations accredited by the Joint Commission on Accreditation of Healthcare Organizations.

C. If the licensee is dually licensed by this board as an audiologist and speech-language pathologist, a total of no more than 15 hours of continuing education are required for renewal of both licenses with a minimum of 7.5 contact hours in each profession.

D. A licensee shall be exempt from the continuing education requirements for the first renewal following the date of initial licensure in Virginia under 18VAC30-21-60.

E. The licensee shall retain all continuing education documentation for a period of three years following the renewal of an active license. Documentation from the sponsor or organization shall include the title of the course, the name of the sponsoring organization, the date of the course, and the number of hours credited.

F. The board may grant an extension of the deadline for continuing education requirements, for up to one year, for good cause shown upon a written request from the licensee prior to the renewal date of each year.

G. The board may grant an exemption for all or part of the requirements for circumstances beyond the control of the licensee, such as temporary disability, mandatory military service, or officially declared disasters.

H. The board shall periodically conduct an audit for compliance with continuing education requirements. Licensees selected for an audit conducted by the board shall complete the Continuing Education Form and provide all supporting documentation within 30 days of receiving notification of the audit.

I. Failure to comply with these requirements may subject the licensee to disciplinary action by the board.

Guidance

Types of CE

The Board makes the following recommendations concerning continuing education hours:

- If offered or approved by an accredited sponsor or organization as prescribed in 18VAC30-21-100, the following activities may be counted as acceptable CE:
  - Hours spent in the reading, preparation and acquisition of new knowledge as a presenter may be counted for CE credit and are to be calculated hour for hour.
o Hours delivering a presentation at a workshop may be counted by the presenter for the first-time presentation of a continuing education program but may not be duplicated by hours credited for attendance at the program.

o Computer classes or courses taught on-line directly related to the practices of speech-language pathology and/or audiology.

- Meetings with colleagues or employers that are not designed as an audiology or speech-language pathology professional learning experience for the licensee are not accepted as CE (i.e. billing procedures, required employer documentation, software usage).

As of January 1, 2018, clinical supervision may not be used to meet CE requirements

CE Extension Requests
CE extensions may be granted for good cause of up to one year for the completion of CE requirements. Requests for extensions must be received by the Board of Audiology and Speech-Language Pathology (Board) prior to the licensure renewal date of each year. Licensees who have not completed the CE requirements and submit a request after the renewal date may be subject to disciplinary action.

CE Exemptions
The Board may grant an exemption for all or part of the CE requirements due to circumstances beyond the control of the licensee, such as temporary disability, mandatory military service or officially declared disasters.

A licensee is exempt from completing CE requirements on the first renewal of his initial licensure in Virginia.

CE Audit Procedures
- After each renewal cycle, the Board may audit the following licensees for compliance with CE requirements:
  o Licensees who fail to respond or respond “no” to the CE renewal question on the annual license renewal form; and
  o Licensees selected for random audit using a statistically valid audit sample and a method that ensures randomness of those selected.

- For those selected for the audit:
  o Board staff will notify licensees that they are being audited via email if an address is available or by postal carrier if an email address is not available.
  o The licensee is required to submit documentation of completion of required CE credits. The CE form must be completed as required.
    - Provide certificates of completion; or
    - Provide transcript from the American Speech-Language Hearing Association or the Academy of Audiology.
  o Documentation submitted to verify CE completion will be reviewed for compliance with the regulations.
Licensees who have not completed required CE will be referred for possible disciplinary action.
