IMPORTANT NOTIFICATION

Re-categorization of Veterinary Establishments

The Virginia Board of Veterinary Medicine sent several email notifications regarding the re-categorization process for veterinary establishments following significant changes made to the [Regulations Governing the Practice of Veterinary Medicine](#), Part V. Veterinary Establishments. The Board requested that each veterinary establishment complete a survey to ensure compliance with the current regulations. To date, over 50% of registered veterinary establishments remain improperly categorized. To ensure the proper categorization of your veterinary establishment, please follow these steps:

1. Locate the veterinary establishment's registration number.
2. Go to the [SURVEY](#).
3. Input the registration number and click "Begin".
4. Confirm name by clicking on "click here to continue to the questionnaire."
5. If the survey has been completed, the statement "Information for this facility has already been provided" will appear in red at the top of the page and the process ends; if the survey has not been completed the data collection page appears and the survey needs to be completed.
6. To complete survey, please have the following information accessible:
 1. Veterinary establishment's address and contact information; and
 2. Veterinarian-in-Charge's license number and contact information.
7. Click "Submit".

Questions may be directed to vetbd@dhp.virginia.gov
Please put "Survey" in the subject line of email.
