This was done at the request of Bon Secours. This led to a discussion of other groups to be contacted for presentations. **Other:**

Wood explained recent discussions regarding the language in the HPMP notification letters regarding the Committee’s actions. The Asst. Atty. General, Charis Mitchell, assigned to HPMP had specific issues with the Committee letters accepting resignations. She noted that one cannot resign from a contract. Additionally she provided sample language to replace that currently used. Of particular concern to the Board of Nursing was the acceptance of
resignations from those individuals who had been granted a license, or had a suspension stayed based on participation in HPMP. Ms. Mitchell suggested that the letters should inform those individual that they were being dismissed due to their decision to cease participation and reported to their respective licensing board. The Committee agree to the change in language by motion from Beckner, seconded by Overton.

Jay Douglas, Executive Director of the Board of Nursing was able to visit the meeting and offered to respond to any questions regarding the letters. She spoke briefly about the Board of Nursing and her support of the HPMP. The Committee expressed their thanks for her visit.
