

Prescription Drug and Heroin Abuse Taskforce
Data/Monitoring Workgroup Meeting Agenda
March 19, 2015, 9:30-12:00 P.M.
Conference Room 1
Patrick Henry Building, Richmond, Virginia

Welcome and Introductions: Dr. Carol Forster and Katya Herndon

Review Minutes from February 25, 2015

Discussion Topics:

1. Expand access to PMP information to pharmacists and prescribers involved in team healthcare
2. Report drug overdoses to Law Enforcement
3. Discuss amending requirements to reporting to the PMP such as adding NPI number, species code, and daily reporting of dispensing
4. Review Dataset Worksheet

Future In-Depth Discussion Topics:

- Expand mandatory use of the Prescription Monitoring Program (PMP)
- Review ID Verification requirement when dispensing controlled substances
- Develop clinically oriented criteria for unsolicited reports: (i.e. reporting /identification of Pts taking concurrent carisoprodol, opiates, and benzodiazepines)
- Develop individual prescriber feedback reports
- Explore the use of data and monitoring to help prisoners with substance abuse problems and/or mental health issues with the purpose of breaking the cycle with this population (Continuation)
